

**P.L.U.T.O. RESCUE SPAY/NEUTER PROGRAM
INFORMATION AND INSTRUCTIONS
(PLEASE READ COMPLETELY)**

1. The recommended age for spay/neutering is **2-6 MONTHS** of age. Female animals should be spayed before their first heat (estrus cycle). They **DO NOT** need to have a litter or have a heat cycle before spaying.

2. **DO NOT MAKE AN APPOINTMENT** with the veterinarian **UNTIL YOU HAVE RECEIVED THE SPAY/NEUTER CERTIFICATE.** You **must have the certificate** to give to the vet when the animal is admitted for spay/neutering.

3. The P.L.U.T.O. certificate covers the cost of a routine spay/neuter procedure.

4. Your pet must be up to date on vaccinations before being spayed or neutered. The cost of vaccinations is not covered by the certificate and are the responsibility of the pet owner.

5. **There are fees required by the participating veterinarian.** These include blood work, antibiotics, and pain medications.

5a. Required for cats male and female
(All prices subject to change)

For Cats male or female:

Pre anesthetic bloodwork \$75 - \$90
Pain medication \$50 - \$75
Antibiotics/other \$30 - \$120
Spay female cat without certificate \$129
Neuter male cat without certificate \$85

For dogs male or female:

Pre anesthetic blood work \$75 - \$95
Pain medication \$50 - \$75
Antibiotics/other \$30 - \$120
E-collar \$20
Greater than 50lbs \$112

5b. You can request to **refuse** pre-anesthetic bloodwork if your pet is less than 3 years old.

Please ask the veterinarian about any of these additional charges before the spay neuter procedure is performed. All services requested that are unrelated to a routine spay/neuter procedure are the responsibility of the pet owner

6. Certificate expires **six months** after date of issue. **Refund Policy:** \$10 service fee will be deducted from refunded certificates. **NO REFUNDS made after two months from date of issue.**

7. Fill out the order form completely, indicating animals type and sex, and mail your payment with a **SELF-ADDRESSED, STAMPED ENVELOPE** to:
